A2	32 channel	Engine + processor + computer	9,000
A2	48 channel	Engine + processor + computer	10,000

Notes

- Currency is the United States dollar (USD).
- Each line is a separate package. The figure is the price of that one set.
- Every set includes three parts: the CTCP engine, the processor, and the computer.
- A1 and A2 are the plate-format classes. 32 and 48 are the laser channel counts on the engine.
